The screenshot shows the 'Commissions' section of the Mar Holidays agent dashboard. The interface includes a top navigation bar with 'Hotels', 'Experiences', and 'Transfers' options, and a sidebar with 'Reservations', 'Agents', 'Commissions', and 'Wallet'.

The main content area is titled 'Commissions' and shows the path 'Hotels > Add Agent'. It features an 'Advanced Search' dropdown menu and two tabs: 'Pending Payments' (selected) and 'Paid Payments'. Below the tabs is a table with the following columns: Reference, Estimated Payment Date, Payment Amount, Currency, and Reservations Amount. The table is currently empty, and a pagination control shows '10' items per page.

On the right side of the interface, there are two summary boxes, both showing 'Total Pending Commissions' as '\$0.00'. The first box is for USD and the second is for MXN.
